## SELECTING YOUR DENTIST

### Free Choice of Dentist

Delta Dental recognizes that many factors affect the choice of dentist and therefore supports your right to freedom of choice regarding your dentist. This assures that you have full access to the dental treatment you need from the dental office of your choice. You may see any licensed dentist for your covered treatment:

- Delta Dental PPO Participating Dentist ("PPO")
- Delta Dental Premier Participating Dentist ("Premier")
- Non-Participating Dentist

In addition, you may choose your own specialist, and you and your family members can see different dentists.

**Remember, you enjoy the greatest savings when you choose a PPO dentist.** To take full advantage of your benefits, we highly recommend you verify a dentist's participation status within a Delta Dental network with your dental office before each appointment. Review the section titled "How Claims Are Paid" for an explanation of Delta Dental payment procedures to understand the method of payments applicable to your dentist selection and how that may impact your out-of-pocket costs.

## Referrals to Specialists

Your dentist may refer you to another dentist for a consultation or specialized treatment or you may elect to see a specialist on your own. If this is done, be sure that the dentist you are referred to is a participating dentist. You can do this by simply asking the specialist when you make your appointment. Visiting a dentist who has agreed to participate in the Delta Dental network can save you money, time, and the hassle of paperwork. Remember, if the dentist is not a participating dentist, you may be required to pay all of the treatment cost at the time of service and submit a claim to Delta Dental for reimbursement.

## Locating a Delta Dental Participating Dentist

There are several ways in which you can locate a participating dentist near you:

- You may access information about the plan through our web site at [www.deltadentalins.com](http://www.deltadentalins.com). This web site includes a dentist search function allowing you to locate Delta Dental participating dentists by location, specialty and network type; or
- You may also call Delta Dental and one of our representatives will assist you. He/she can provide you with information regarding a dentist's membership status, specialty and office location.

## PLAN INFORMATION

### Benefit Summary Charts

The services provided through the plan include all the benefits described in the Benefit Summary Charts on the following pages, with the exception of those items presented in the **Limitations and Exclusions** section. The plan covers several categories of benefits when a licensed dentist provides the services and when they are within the standards of generally accepted dental practice. To help you understand the types of procedures that are included in each of the categories of services, examples and descriptions are provided in the charts. The enrollee's share may be higher than the percentages listed in the charts, depending on the applicability of deductibles, maximums, the difference between the non-participating dentist's fee and the PPO maximum plan allowance or charges for non-covered services.

The information in the following chart applies to services provided by Delta Dental PPO dentists only.

## Copayments

The plan will pay a percentage of the applicable allowed amount (PPO allowed amount for PPO dentists or Premier allowed amount for Premier and Non-Participating dentists) for each covered service, subject to certain limitations, and you are responsible for paying the balance. What you pay is called the copayment and is part of your out-of-pocket cost. You pay this even after a deductible has been met.

The amount of your copayment will depend on the type of service provided and the dentist providing the service (see section titled "Selecting Your Dentist"). Dentists are required to collect your copayment for covered services.

It is to your advantage to select PPO dentists because they have agreed to accept the PPO allowed amount as payment, which typically results in lower copayments charged to you. Please read the sections titled "Selecting Your Dentist" and "How Claims Are Paid" for more information.

## Deductible

Most dental plans have a specific dollar deductible. The Benefit Summary Charts show the individual and family deductibles that apply, depending on the participation status of the dentist providing the services. Deductibles apply to all benefits unless otherwise noted. Each enrolled family member must pay the individual deductible amount each contract year to satisfy the plan deductible. You pay this directly to your dentist for completed services. The total deductible amount paid will not exceed the family deductible for all family members. Turnover changed from a Contract-Year to a Calendar-Year. A new deductible of \$50.00 per person/\$150.00 per family will be applied January 1, 2012 and every January 1 thereafter.

## Maximum Benefit

Most dental programs have a maximum benefit. This is the maximum dollar amount a dental plan will pay toward the cost of dental care. The enrollee is personally responsible for paying costs above the maximum benefit. The Benefit Summary Charts show the maximum benefit amount that applies, depending on the participation status of the dentist providing the services. This is the maximum benefit amount that Delta Dental will pay for covered services per enrollee in a contract year. Turnover changed from a Contract-Year to a Calendar-Year. Enrollees will receive a new program maximum of \$1,000.00 per person effective January 1, 2012 and every January 1 thereafter.

## Note on Additional Benefits During Pregnancy

When an Enrollee is pregnant, Delta Dental will pay for additional services to help improve the oral health of the Enrollee during the pregnancy. The additional services each twelve-month period while the Enrollee is covered under the Contract include: one (1) additional oral exam and either one (1) additional routine cleaning or one (1) additional periodontal scaling and root planing per quadrant. Written confirmation of the pregnancy must be provided by the Enrollee or her dentist when the claim is submitted.

## Limitations and Exclusions

Dental plans are designed to help with part of your dental expenses and may not always cover every dental need. The typical program includes limitations and exclusions, meaning the program does not cover every aspect of dental care. This can relate to the type of procedures or the number of visits. These limitations and exclusions are carefully detailed in this booklet and you should make yourself familiar with them. Please read the **Limitations and Exclusions** section to help you understand the limitations and exclusions of this dental plan.

## HOW CLAIMS ARE PAID

Payment by Delta Dental for any single procedure that is a covered service will be made upon completion of the procedure. If an enrollee loses eligibility or the contract is terminated, Delta Dental will pay for any single procedure started while the contract was in effect or the enrollee was eligible. Payment for care is applied to the contract year deductible and maximum benefit based on the date of service. After you have satisfied your deductible requirement, Delta Dental will provide payment for covered services at the percentage indicated in the Benefit Summary Chart, up to a maximum for each enrollee in a contract year.

### Payment for Services — Delta Dental PPO Dentist

Payment for covered services performed for you by a PPO dentist is calculated based on the PPO maximum plan allowance. PPO dentists have agreed to accept a PPO maximum plan allowance as the full charge for covered services.

Delta Dental calculates its share of the maximum plan allowance, or the dentist's submitted fee, whichever is less, ("Delta Dental Payment") using the applicable percentage from the Benefit Summary Chart and sends it directly to the PPO dentist who has submitted the claim. Delta Dental advises you of any charges not payable by Delta Dental for which you are responsible ("Patient Payment"). These charges are generally your share of the maximum plan allowance or submitted fee (copayment), the deductible, charges where the maximum benefit has been exceeded, and/or charges for non-covered services.

Example (assuming this is a procedure that is covered at a 50%/50% copayment level, the maximum benefit has not been exceeded and the deductible has been met):

Submitted Amount (Dentist Fee)	= \$100
PPO Maximum Plan Allowance	= \$70
Delta Dental Payment (50% of PPO Max. Plan Allow.)	= \$35
Patient Payment	= \$35

### Payment for Services — Delta Dental Premier Dentist

A Delta Dental Premier dentist is a participating dentist, but is not a Delta Dental PPO dentist. Premier dentists have not agreed to accept a PPO maximum plan allowance as full payment for services, but instead have agreed to accept a Premier maximum plan allowance. Payment for covered services performed for you by a Premier dentist is calculated based on the Premier allowed amount, which is the lesser of the dentist's submitted fee or the Premier maximum plan allowance.

The portion of the Premier allowed amount payable by Delta Dental ("Delta Dental's Payment") is limited to the applicable percentage shown in the Benefit Summary Chart. Delta Dental's Payment is sent directly to the Premier dentist who submitted the claim. Delta Dental advises you of any charges not payable by Delta Dental for which you are responsible ("Enrollee's Payment"). These charges are generally your share of the Premier allowed amount, as well as any deductibles, charges where the maximum benefit has been exceeded, and/or charges for non-covered services.

Example (assuming this is a procedure that is covered at a 50%/50% copayment level, the maximum benefit has not been exceeded and the deductible has been met):

Submitted Amount (Dentist Fee)	= \$100
Premier Maximum Plan Allowance	= \$80
Delta Dental's Payment (50% of Premier Max. Plan Allow.)	= \$40
Enrollee's Payment	= \$40

### Payment for Services — Non-Participating Dentist

Payment for services performed for you by a non-participating dentist is also calculated by Delta Dental based on the Premier allowed amount, which is the lesser of the dentist's submitted fee or the Premier maximum plan allowance. The portion of the Premier allowed amount payable by Delta Dental ("Delta Dental's Payment") is limited to the applicable percentage shown in the Benefit Summary Chart.

However, when dental services are received from a non-participating dentist, Delta Dental's Payment is sent directly to the primary enrollee. You are responsible for payment of the non-participating dentist's total fee. Non-participating dentists will bill you for their normal charges, which may be higher than the Premier allowed amount for the service. You may be required to pay the dentist yourself and then submit a claim to Delta Dental for reimbursement. Since the Delta Dental Payment for services you receive may be less than the non-participating dentist's actual charges, your out-of-pocket cost may be significantly higher.

Example (assuming this is a procedure that is covered at a 50%/50% copayment level, the maximum benefit has not been exceeded and the deductible has been met):

Submitted Amount (Dentist Fee)	= \$100
Premier Maximum Plan Allowance	= \$80
Delta Dental's Payment (50% of Premier Max. Plan Allow.)	= \$40
Enrollee's Payment	= \$60

**Note:** The enrollee balance of \$60 is the sum of the enrollee copayment (50% of the Premier Maximum Plan Allowance of \$80, which is \$40) and the difference between the Premier Maximum Plan Allowance and the Submitted Amount, which is \$20.

### **How to Submit a Claim**

Delta Dental does not require any special claim forms. Most dental offices have standard claim forms available. Participating dentists will fill out and submit your claims paperwork for you. Some non-participating dentists may also provide this service upon your request. If you receive services from a non-participating dentist who does not provide this service, you can submit your own claim directly to Delta Dental. For your convenience, you can print a claim form from our web site: [www.deltadentalins.com](http://www.deltadentalins.com). Delta Dental shall not be obligated to pay claims submitted more than twelve (12) months after the date of the Service, unless it can be shown not to have been reasonably possible to submit the claim and the claim was submitted as soon as reasonably possible.

Your dental office should be able to assist you in filling out the claim form. Fill out the claim form completely and mail it to:

**Delta Dental**  
**P.O. Box 2105**  
**Mechanicsburg, PA 17055-6999**

### **Payment Guidelines**

Delta Dental does not pay participating dentists any incentive as an inducement to deny, reduce, limit or delay any appropriate service.

If you or your dentist files a claim for services more than twelve (12) months after the date you received the services, payment may be denied. If the services were received from a non-participating dentist, you are still responsible for the full cost. If the payment is denied because your participating dentist failed to submit the claim on time, you may not be responsible for that payment. However, if you did not tell your participating dentist that you were an enrollee of the plan at the time you received the service, you may be responsible for the cost of that service.

We explain to all participating dentists how we determine or deny payment for services. We describe in detail the dental procedures covered as benefits, the conditions under which coverage is provided and the program's limitations and exclusions. If any claims are not covered, or if limitations or exclusions apply to services you have received, you may be responsible for the full payment.

If you have any questions about any dental charges, processing policies and/or how your claim is paid, contact Delta Dental.

### **Optional Treatment and Non-Covered Services**

You must pay for any non-covered or optional dental benefits that you choose to have done. Refer to the **Limitations and Exclusions** section for information about excluded services and limitations.

Often there are several approaches or different methods that a dentist may use to treat dental needs. This program is designed to cover dental treatment using standards of care consistent with the delivery of quality, affordable dental treatment to the enrollee. If you request a treatment that is more costly than standard practice, you must pay for the charges in excess of the covered dental benefit.

**Example:** If a metal filling would fix the tooth and you choose to have the tooth crowned, you are responsible for paying the difference between the cost of the crown and the cost of the filling. You must pay this money directly to your dentist.

### **Pre-Treatment Estimates**

If you and your dentist are unsure of your benefits for a specific course of treatment, or if treatment costs are expected to exceed \$300, Delta Dental recommends that you ask for a pre-treatment estimate. You should ask your dentist to submit the claim form in advance of performing the proposed services. Pre-treatment estimate requests are not required but may be submitted for more complicated and expensive procedures such as crowns, wisdom tooth extractions, bridges, dentures, or periodontal surgery. You'll receive an estimate of your share of the cost and how much Delta Dental will pay before treatment begins. Delta Dental will act promptly in returning a pre-treatment estimate to you and the attending dentist with non-binding verification of your current availability of benefits and applicable maximums. The pre-treatment estimate is non-binding as the availability of benefits may change subsequent to the date of the estimate due to a change in eligibility status, exhaustion of applicable maximum benefit or application of frequency of procedure limitations.

### **Other Health Insurance**

Be sure to advise your dentist of all programs under which you have dental coverage and have him or her complete the dual coverage portion of the claim form, so that you will receive all benefits to which you are entitled. When you have coverage under more than one benefit program, the primary and secondary carriers coordinate the two programs, so that the primary carrier pays its portion first and then the secondary carrier pays its portion, not to exceed the dentist's fees for the covered services.

The following rules will be followed to establish the order of determining the liability of this or any other programs:

1. The program covering the enrollee as an employee will determine its benefits before the program covering the enrollee as a dependent.
2. The program covering the enrollee as a dependent of an employee whose birthday falls earlier in the calendar year will determine its benefits before the program covering the enrollee as a dependent of an employee whose birthday falls later in the calendar year. If both employees have the same birthday, the program covering the employee for the longest period will be primary over the program covering the employee for the shorter period. If the other program does not have the rule described in this paragraph, but instead has a rule based on gender of the employee, the rule of the other plan will determine the order of benefits.
3. The program covering the enrollee having custody of the dependent will determine its benefits first; then the program of the spouse of the parent with custody of the dependent; and finally, the program of the parent not having custody of the dependent. However, if the specific terms of a court order state that one of the parents is responsible for the health care expenses of the dependent, the benefits of that program are considered first. The prior sentence will not apply with respect to any period during which any benefits are actually paid or provided before a program has actual knowledge of the court order.
4. The program covering the enrollee as an employee or as a dependent of an employee will determine its benefits before one that covers the enrollee as a laid-off or retired employee or as the dependent of such person. If the other plan does not have a rule concerning laid-off or retired employees, and as a result each plan determines its benefits after the other, then this paragraph will not apply.
5. If the other program does not have a rule establishing the same order of determining liability for benefits or is one which is "excess" or always "secondary," Delta Dental will determine its benefits first. If such determination indicates that Delta Dental should not have been the first program to determine its benefits, Delta Dental will be considered as not the first to determine its benefits.
6. In situations not described in items 1 through 5, the program under which the enrollee has been enrolled for the longest period of time will determine its benefits first.

When Delta Dental is the first to determine its benefits, benefits will be paid without regard to coverage under any other program. When Delta Dental is not the first to determine its benefits, and there are remaining expenses of the type allowable under this program, Delta Dental will pay only the amount by which its benefits under this plan exceed the amount of benefits payable under the other program or the amount of such remaining expenses, whichever is less.

## **ELIGIBILITY AND ENROLLMENT**

### **Eligibility Requirement**

You will become eligible to receive benefits on the date stated in the contract after completing any eligibility periods required by the group. Under this dental plan, the eligibility requirement for new hires is the date of hire. You may enroll for individual and family coverage.

If your dependents are covered, they will be eligible when you are or as soon as they become dependents. Dependents are your:

- Spouse.
- Unmarried children and/or dependent grandchildren until the day of their 19th birthday. Such children include: (a) your biological child, (b) your legally adopted child (including a child living with the adopting parents and/or grandparents during the period of probation), (c) a child for whom you have legal guardianship or temporary guardianship of more than 12 months duration and for a shorter period if the guardianship is of a dependent minor and granted by testamentary, (d) a stepchild. Documentation of the above must be furnished upon request by Delta Dental.
- Unmarried children and/or dependent grandchildren who are full-time students in a bona fide educational institution until the day of their 19th birthday. Proof of continuing attendance must be furnished as required by Delta Dental.
- Unmarried children and/or dependent grandchildren of any age who are incapable of self-support by reason of mental or physical incapacity that occurred before the age of 19 and were covered prior to age 19. The dependent child must also be chiefly dependent on you for support and maintenance, but is not required to reside with a parent or legal guardian who is a primary enrollee. Eligibility of these dependent children and/or grandchildren will not be terminated while the contract remains in force and the dependent child and/or grandchild remains in such condition. Proof of physical or mental disability must be furnished as required by Delta Dental.
- Newborn children and/or dependent grandchildren of any primary enrollee for 31 days from: (a) the moment of birth, (b) the date of placement for adoption or upon placement in the foster home, or (c) the date of appointment for a minor for whom guardianship has been granted by court or testamentary appointment. Proof of birth or adoption or foster home placement must be furnished upon request by Delta Dental. In order for the coverage to continue beyond the 31-day period, you must notify the Plan administrator of the birth, adoption, placement in the foster home, or appointment of guardianship.

### **Changes in Eligibility Status**

Changes in eligibility status (i.e. marriage, divorce, birth, graduation, etc.) must be reported to the Plan Administrator within 31 days following the event causing the change. If you do not change coverage when first eligible, you may change later during a subsequent open enrollment period. Changes received from the 1<sup>st</sup> of the month through the 15<sup>th</sup> of the month become effective on the 1<sup>st</sup> of the month in which the notice is received. Changes received from the 15<sup>th</sup> of the month through the last day of the month become effective on the 1<sup>st</sup> of the following month.

### **Loss of Eligibility**

Your coverage ends on the exact day on which termination of employment occurs or immediately when this program ends. Coverage for all dependents also ceases at that time, or when dependent status is lost. Your dependent children and/or grandchildren will be disqualified for benefits when they reach the disqualifying age.

## **COMPLAINTS, GRIEVANCES AND APPEALS**

Our commitment to you is to ensure quality throughout the entire treatment process: from the courtesy extended to you by our customer service representatives to the dental services provided by our participating dentists. If you have questions about any services received, we recommend that you first discuss the matter with your dentist. However, if you continue to have concerns, please call Delta Dental's Customer Service Center.

Delta Dental attempts to process all claims within 30 days. If a claim will be delayed more than 30 days, Delta Dental will notify the enrollee in writing within 30 days stating the reason for delay.

Questions or complaints regarding eligibility, the denial of dental services or claims, the policies, procedures, or operations of Delta Dental, or the quality of dental services performed by the dentist may be directed in writing to Delta Dental or by calling Delta Dental at (717) 766-8500 or toll-free at (800) 932-0783. ## **GENERAL PROGRAM INFORMATION**

### **Proof of Claim**

Before approving a claim, Delta Dental will be entitled to receive, to such extent as may be lawful, from any attending or examining dentist, or from hospitals in which a dentist's care is provided, such information and records relating to attendance to or examination of, or treatment provided to, an enrollee as may be required to administer the claim, or that an enrollee be examined by a dental consultant retained by Delta Dental, in or near the community or residence. Delta Dental will in every case hold such information and records confidential.

### **Physical Access**

Delta Dental has made efforts to ensure that our offices and the offices and facilities of participating dentists are accessible to the disabled. If you are not able to locate an accessible dentist, please call our Customer Service Center and a representative will help you find an alternate dentist.

### **Access for the Hearing Impaired**

The hearing impaired may contact the Customer Service Center through our toll-free TTY/TDD number at (888) 373-3582.

## **Privacy**

Delta Dental values its relationship with you. Protecting your personal information is of great importance to us. Delta Dental will obtain from the enrollee only nonpublic information that relates to Delta Dental's administration of the dental benefits we provide. Information may include, but not be limited to name, address, social security number, enrollee ID, and date of birth. We do not disclose any nonpublic personal information about you to any affiliated or nonaffiliated third parties except as is necessary in order to provide our service to you or as we are required or permitted by law. Delta Dental maintains physical, electronic, and procedural security measures to safeguard your nonpublic personal information in our possession.

## **Web Site Security**

Delta Dental employs security measures to control access to the eligibility and dental benefit information under our control. Delta Dental uses industry standards, such as firewalls and Secure Socket Layers, to safeguard the confidentiality of personal enrollee information.

There are areas of our web site that require a specific user ID and password for web site access. In order to receive a user ID and password, Delta Dental requires enrollees to contractually agree to not provide information they may access to other individuals. The user identification and password required for site access is internally validated to ensure this information cannot be viewed without proper authority and security authentication.

## **ENROLLEE RIGHTS AND RESPONSIBILITIES**

We believe that you, as a Delta Dental enrollee, have the right to expect quality, affordable care that protects not only your dental health, but also your privacy and ability to make informed choices. We also believe that you have certain responsibilities to help protect these rights.

### **The Right to Choose**

The Delta Dental system maintains some of the largest dentist networks in the industry — each with a full range of specialists — to give you the widest possible choice of dentists. Dentists are never penalized for referring you to a specialist. You can visit any dentist at any time, without prior notification or authorization from Delta Dental.

### **The Right to Quality Assurance**

While we support the right of enrollees to choose their dentist, we recognize our responsibility to provide some assurances of quality care.

Therefore, each dentist who has contracted with Delta Dental agrees to provide care that meets the standards of the dental profession. Dentist contracts allow Delta Dental to audit dental offices in person — at random and for cause — to help ensure that these standards are met. If you should ever receive substandard care from a Delta Dental dentist, Delta Dental will fully investigate the matter and can arrange for you to be reimbursed and/or retreated as needed.

### **The Right to Affordability**

Delta Dental contracts with dentists to provide fair and reasonable compensation. Those contracts also prohibit dentists from billing you for excess charges, “add-on” procedures that should already be included, or for any amount that is Delta Dental's responsibility.

Delta Dental benefit plans are designed to promote preventive care, avoiding dental disease before more costly treatment becomes necessary.

### **The Right to Full Disclosure**

You have the right to clear and complete information about your dental benefits, including treatment that is subject to limitations or not covered. You are entitled to know what your share of costs will be before you receive treatment (“pre-treatment estimate”), and how your dentist is compensated by Delta Dental. Delta Dental provides materials to explain these features to you.

Delta Dental dentists are not subject to policies sometimes called “gag clauses.” You are entitled to hear about all treatment options your dentist may recommend, whether covered or not, and to obtain a second opinion if you choose.

## The Right to Fair Review and Appeal

Delta Dental supports your right, as well as your dentist's, to a fair and prompt review of any of Delta Dental's coverage decisions. We maintain effective complaint resolution systems in the event of disagreement over coverage or concern about the quality of care.

## The Responsibility to Protect These Rights

Protection of the rights described above is possible only with your cooperation. In order to ensure the continued enjoyment of these rights, you share:

- The responsibility to participate in your own dental health — practicing personal dental hygiene and receiving regular professional care. You should avoid substances and behaviors that could jeopardize your oral health, and should cooperate with your dentist on his or her recommended treatment plans.
- The responsibility to become familiar with your coverage. This includes meeting any financial obligation incurred as a result of treatment (including the appropriate copayments or deductibles required by the program). It means cooperation with Delta Dental policies designed to protect against health care fraud schemes by fellow enrollees or dentists. It also means taking advantage of the information available on dental health and your dental program so that you can become a more informed consumer.

## LIMITATIONS AND EXCLUSIONS

### Excluded Benefits

The plan covers a wide variety of dental care expenses, but there are some services for which we do not provide benefits. It is important for you to know what these services are before you visit your dentist.

The plan does not provide benefits for:

1. Surgical procedures including but not limited to reduction of fractures, removal of tumors and removal of impacted teeth are subject to the provisions described in the **Other Health Insurance** section of this booklet.
2. Treatment or materials with respect to skeletal malformation, except for treatment due to accidental injury to sound natural teeth within 12 months of the accident or treatment necessary due to congenital disease or anomaly, or treatment of enamel hypoplasia (lack of development), except that this exclusion shall not apply to covered dependent children or eligible newborn children so long as such dependent children continue to be eligible. When services are not excluded under this provision as to these dependent children who continue to be eligible, other limitations and exclusions of this section shall specifically apply.
3. Treatment that increases the vertical dimension of an occlusion, replaces tooth structure lost by attrition or erosion, or otherwise unless it is part of a treatment dentally necessary due to accident or injury.
4. Treatment or materials primarily for cosmetic purposes including but not limited to treatment of fluorosis (a type of discoloration of the teeth) and porcelain or other veneers not for restorative purposes, except as part of a treatment dentally necessary due to accident or injury and except for reconstructive surgery necessary because of a congenital disease or anomaly of a covered dependent child which has resulted in a functional defect. If services are not excluded as to particular teeth under this provision, cosmetic treatment of teeth adjacent or near the affected teeth are excluded.
5. Treatment or materials for which the enrollee would have no legal obligation to pay.
6. Services provided or materials furnished prior to the effective eligibility date of an enrollee under this plan, unless the treatment was a year in duration and completed after the enrollee became eligible if no other limitations shall apply.
7. Periodontal splinting, equilibration, gnathological recordings and associated treatment and extra-oral grafts.
8. Preventive plaque control programs, including oral hygiene instruction programs.

9. Myofunctional therapy, unless covered by the exception in Item 2, above.
10. Temporomandibular joint dysfunction treatment that is medical in nature.
11. Prescription drugs including topically applied medication for treatment of periodontal disease, pre-medication, analgesias, separate charges for local anesthetics, general anesthesia except as a covered benefit in conjunction with a covered oral surgery procedure.
12. Experimental procedures that have not been accepted by the American Dental Association.
13. Services provided or material furnished after the termination date of coverage for which premium has been paid, as applicable to individual enrollees, except this shall not apply to services commenced while the plan was in effect or the enrollee was eligible.
14. Charges for hospitalization or any other surgical treatment facility, including hospital visits.
15. Dental practice administrative services including but not limited to, preparation of claims, any non-treatment phase of dentistry such as provision of an antiseptic environment, sterilization of equipment or infection control, or any ancillary materials used during the routine course of providing treatment such as cotton swabs, gauze, bibs, masks, or relaxation techniques such as music.
16. Replacement of existing restorations for any purpose other than restoring active carious lesions or demonstrable breakdown of the restoration.

### **Limitations**

Benefits to enrollees are limited as follows:

**Limitation on Optional Treatment Plan.** In all cases in which there are optional plans of treatment carrying different treatment costs, payment will be made only for the applicable percentage of the least costly course of treatment, so long as such treatment will restore the oral condition in a professionally accepted manner, with the balance of the treatment cost remaining the responsibility of the enrollee. Such optional treatment includes, but is not limited to, specialized techniques involving gold, precision partial attachments, overlays, implants, bridge attachments, precision dentures, personalization or characterization such as jewels or lettering, shoulders on crowns or other means of unbundling procedures into individual components not customarily performed alone in generally accepted dental practice.

**Limitation on Major Restorative Benefits.** If a tooth can be restored with amalgam, synthetic porcelain or plastic, but the enrollee and the dentist select another type of restoration, the obligation of Delta Dental shall be only to pay the applicable percentage of the fee appropriate to the least costly restorative procedure. The balance of the treatment shall be considered a dental treatment excluded from coverage under this plan.

- Replacement of crowns, jackets, inlays and onlays shall be provided no more often than once in any five-year period and then only in the event that the existing crown, jacket, inlay or onlay is not satisfactory and cannot be made satisfactory. The five-year period shall be measured from the date on which the restoration was last supplied, whether paid for under the provisions of this plan, under any prior dental care contract, or by the enrollee.

**Limitation on Prosthodontic Benefits.** Replacement of an existing denture will be made only if it is unsatisfactory and cannot be made satisfactory. Services, including denture repair and relining, which are necessary to make such appliances fit will be provided as outlined in the section "Covered Benefits." Prosthodontic appliances and abutment crowns will be replaced only after five years has elapsed following any prior provision of such appliances and abutment crowns under any plan procedure.

Implants provided under any Delta Dental plan will be replaced only after five years have passed. Replacement of an implant supported prosthesis not provided under a Delta Dental program will be covered if it is unsatisfactory and cannot be made satisfactory. Implant removal is limited to once for each tooth during the Enrollee's lifetime.

**Limitation on Periodontal Surgery.** Benefits for periodontal surgery in the same quadrant are limited to once in any five-year period. The five-year period shall be measured from the date on which the last periodontal surgery was performed in that quadrant, whether paid for under the provisions of this plan, under any prior dental contract, or by the enrollee.

**Limitation on Sealants.** Treatment with sealants as a covered Service is limited to applications to eight posterior teeth. Applications to deciduous teeth or teeth with caries are not covered Services. Sealants will be replaced only after three (3) years have elapsed following any prior provision of such materials.

**Limitation on Occlusal Restorations.** Single-surface occlusal restorations of a tooth to which a sealant has been applied within twelve months, and two or three surface restorations within six months, which include occlusal surfaces on which sealants have been placed are not covered Services. If a single-surface occlusal restoration is performed on a tooth from twelve to thirty-six months after a sealant has been applied to that tooth, the obligation of Delta Dental shall be only to pay the fee appropriate to the restoration in excess of the fee paid for the application of the sealant.
